| 5 | Norfolk Postal History - 1766 EL Ely to Hockwold. Two ELs sent 'Out of Main' with sheet of extra information. Fine condition. Miscellaneous: Letters sent out of mails. Cyril Wyche of Hockwold was very careful to endorse all the letters he received with the charge and date of receipt. Many of these bearing an additional charge of one penny for delivery from the post town, Brandon, to his house at Hockwold. Part of his correspondence from his relatives had survived date from 1754 to 1767. A small proportion bear town marks, usually the two line Harling or Thetford town mark (used in 1754 and between 1766-67), and others are endorsed with the charge levied. The greater number did not pass through the mails but must have been carried privately, these include letters from his niece at Chevington or from Ely. 15 October 1766 and 24 December 1766, letters from niece Sarah Waddington carried out of the mails and endorsed 'recd rod Dir'. The letters are of interest making reference to inoculation for small pox 'last Friday was a sevensnight was inoculated that day and was very well till last Friday and then had a little headache and the smallpox came out of the Sunday have had but few not above five or six and had an incision upon each are which was very sore.. the little ones came last Friday and was Inoculated from me ..' The second letter records that the children had been inoculated successfully. | £30 - £50 |
